ASSESSMENT & AL INFORMATION

ASSESSMENT APPEALS

The Board of Tax Assessors is required to issue a notice of assessment for taxable tangible real and personal property. Upon receipt of this notice, the property owner desiring to appeal the assessment may do so within 45 days. The appeal may be based on taxability, value, uniformity, and/or the denial of an exemption. The written appeal is filed initially with the Board of Tax Assessors. The state of Georgia provides a uniform appeal form for use by property owners. In that initial written dispute, the property owner must declare their chosen method of appeal.

The three methods of appeal include:

Board of Equalization: The appeal is filed by the property owner and reviewed by the Board of Assessors. The Board of Assessors may change the assessment and send a new notice. The property owner may appeal the amended notice within 30 days. The appeal of the amended notice or any initial appeal which is not amended by the Board of Assessors is automatically forwarded to the Board of Equalization. The **County Board of Equalization**, appointed by the Grand Jury, is the body charged by law with hearing and adjudicating administrative appeals to property assessments made by the board of tax assessors. A hearing is scheduled and conducted and the Board of Equalization renders its decision. If the taxpayer is still dissatisfied, an appeal to Superior Court may be made. Upon attending and a change is made at the BOE hearing the taxpayer is entitled to a 3 year freeze on their property valuation set at the hearing. This freeze will be for the tax year the appeal is filed and for two consecutive years after.

ASSESSMENT APPEALS (CONTINUED)

Hearing Officer: The taxpayer may appeal to a Hearing Officer, who is a certified appraiser, when the issue of the appeal is the value or uniformity of assessment of non-homestead real property with a value greater than \$500,000. or certain wireless property with an aggregate value greater than \$500,000 as shown on the annual notice of current assessment. If the taxpayer is still dissatisfied, an appeal to Superior Court may be made.

Arbitration: An Arbitration appeal is filed with the Board of Assessors. The taxpayer must submit a certified appraisal of the subject property which the Board of Assessors may accept or reject. If the taxpayers appraisal is rejected, the Board of Assessors must certify the appeal to the Appeal Administrator of Superior Court for arbitration. The arbitrator will issue a decision at the conclusion of the hearing. If the taxpayer is still dissatisfied, an appeal to Superior Court may be made.

PREFERENTIAL and SPECIALIZED

ASSESSMENT PROGRAMS

The Agricultural Preferential Assessment program is available for certain property owners of agricultural property. The property is assessed at 30% of fair market value rather than 40% of fair market. The property owner must enter a 10-year covenant with the Board of Assessors and penalties may apply if the covenant is breached.

The Conservation Use Assessment (CUVA) program provides for an assessment based on a statutory 'use-value' as opposed to an assessment based on 'fair market value.' Qualified properties include certain agricultural land, timber land, environmentally sensitive property, or residential transitional property. The property owner must enter a 10-year covenant with the Board of Assessors and penalties may apply if the covenant is breached.

PREFERENTIAL and SPECIALIZED ASSESSMENT PROGRAMS (CONTINUED)

Forest Land Conservation Use Assessment (FLPA) provides for an ad valorem tax exemption for property primarily used for the production of trees, timber, or wood fiber products. The property may have secondary uses such as the promotion, preservation, or management of wildlife habitat; carbon sequestration; mitigation and conservation banking; or the production and maintenance of ecosystem products. This 10-year covenant agreement between the taxpayer and local Board of Assessors is limited to forest land tracts consisting of more than 200 acres. Penalties may apply if the covenant is breached.

Rehabilitated and Landmark Historic Assessment includes property that qualify for listing on the Georgia or National Register of Historic Places. This preferential assessment extends to the building and no more than two acres. Property under this special program must be certified by the Department of Natural Resources as rehabilitated historic property or landmark historic property. The exemption equals the difference between current fair market value and the higher of the acquisition cost or assessment of fair market value at the time the original 10-year covenant was entered.

Brownfield Property Assessment includes property which qualifies for participation in the State's Hazardous Site Reuse and Redevelopment Program and which has been designated as such by the Environmental Protection Division of the Department of Natural Resources. This program effectively freezes the taxable assessment for ten years as an incentive for developers to clean up contaminated property and return it to the tax rolls. It allows eligible owners to recoup the certain costs associated with the cleanup.
